Our **downloadable bunting** is a great way to liven up your fundraising event. Plus it's really easy to make.
Just follow these simple steps:

★ Download our bunting and print it off single-sided – remember to print it out in colour if possible.
★ Use scissors to cut around the pennant and fold it in half to make a double-sided pennant shape.
★ Make 2 holes where shown on the template.
★ Find some string, thread or ribbon and guide it through the holes.
★ Now find somewhere to hang up your bunting!
